Phone App

**Mosquito**

The ultrasonic teenage deterrent is a solution to the eternal bane shopkeepers and shopping centre owners around the world, who are troubled by small crowds of anti-social teenagers who have nothing better to do than loiter outside their shops and stores deterring older customers who want to go into the shops to purchase goods.

**DRS Headcam System**

The Wearable CCTV System for Bars and door staff. Full live recording . Currently in use with the Garda Mounted Unit these systems capture full image and sound of what the operator is hearing and seeing. The Kit is supplied with a LANC remote controller that is belt mounted and is used to turn the system on or off and to start or end recording. With a vibrate function to alert when the unit is recording or not this is an ideal product for your security and also the security of your patrons.
